The monthly Customer Charge.

Other Rate Clauses apply as usual.

MASSACHUSETTS ELECTRIC COMPANY

RESIDENTIAL REGULAR R-1
RETAIL DELIVERY SERVICE

AVAILABILITY

Electric delivery service under this rate is available for all domestic purposes in an individual private dwelling or an individual apartment and for church and farm purposes. The Company may under unusual circumstances permit more than one set of living quarters to be served through one meter under this rate, but if so, the Customer Charge shall be multiplied by the number of separate living quarters so served. A church and adjacent buildings owned and operated by the church may be served under this rate, but any such buildings separated by public ways must be billed separately.

Customers whose average monthly usage for the previous 12 months exceeds 2500 KWH per month may elect delivery service on rate R-4, subject to the availability of the appropriate metering equipment.

MONTHLY CHARGE

The Monthly Charge will be the sum of the applicable Customer and kWh Charges, less the applicable Interruptible Credit, if any:

Rates for Retail Delivery Service

MASSACHUSETTS ELECTRIC COMPANY

RESIDENTIAL REGULAR R-1
RETAIL DELIVERY SERVICE

TRANSMISSION SERVICE COST ADJUSTMENT

Transmission service is available to all retail customers taking service under this rate. For those customers, the transmission charge under this rate shall be calculated in accordance with the Company's Transmission Service Cost Adjustment Provision.

ACCESS COST ADJUSTMENT

The Distribution Charge under this rate as set forth under "Monthly Charge" includes an Access Cost Adjustment Charge calculated in accordance with the Company's Access Cost Adjustment Provision.

MINIMUM CHARGE

The monthly minimum charge shall be the monthly Customer Charge.

STANDARD OFFER COST ADJUSTMENT

All Customers served on this rate must take Standard Offer Service and pay the Standard Offer Service Charge up to the retail access date as defined in the Restructuring Settlement Agreement in Docket D.P.U. No. 96-25. Starting on the retail access date, Standard Offer Service is optional. It will be available for existing or new Customers who have not yet chosen a supplier other than the Company on or after the retail access date. For the first year after the retail access date, if the Customer has selected a supplier other than the Company, the Customer may elect to return to Standard Offer Service by so notifying the Company within 120 days of the date when the Customer began to purchase electricity from the other supplier. Otherwise, the Customer who has selected another supplier is not eligible for Standard Offer Service.

The Standard Offer Charge under this rate shall be calculated in accordance with the Company's Standard Offer Cost Adjustment Provision.

Standard Offer Service may be terminated by a Customer upon the next scheduled meter read provided that notice of the change of supplier was received by the Company five (5) or more business days before the next scheduled meter read date.

BASIC SERVICE

Any Customer who is ineligible for Standard Offer Service and does not have a current supplier will receive and pay the Company for Basic Service in accordance with the terms and price for Basic Service established by the Department of Public Utilities.

MASSACHUSETTS ELECTRIC COMPANY

RESIDENTIAL REGULAR R-1

RETAIL DELIVERY SERVICE

AVAILABILITY

Electric delivery service under this rate is available only to currently qualified customers for all domestic purposes in an individual private dwelling or an individual apartment, providing such customer meets both of the following criteria:

1. Must be the head of a household or principal wage earner.
2. Must be presently receiving Supplemental Security Income from the Social Security Administration; one of the following from the Massachusetts' Department of Public Welfare: Medicaid, Food Stamps, General Relief or Aid to Families with Dependent Children; Low Income Heating Energy Assistance Program (LIHEAP) from a certified Community Action Program Agency; or Veteran's Service Benefits (Chapter 115) from the Commonwealth of Massachusetts' Veteran Services Administration.

It is the responsibility of the customer to annually certify, by forms provided by the utility, the continued compliance with the foregoing qualifications.

The Company may under unusual circumstances permit more than one set of living quarters to be served through one meter under this rate, but if so, the Customer Charge shall be multiplied by the number of separate living quarters so served.

MONTHLY CHARGE

The Monthly Charge will be the sum of the applicable Customer and kWh Charges, less the applicable Interruptible Credit, if any:

RETAIL DELIVERY SERVICE

AVAILABILITY

Electric delivery service under this rate is available for all domestic purposes in an individual private dwelling or an individual apartment and for church and farm purposes. For customers requiring special and complex metering for service, the availability of this rate will be subject to the Company's ability to render such service.

The Company may due to limitations of space, considerations of safety or an existing condition of the premises affecting the delivery of electric service, permit more than one dwelling unit to be served through one meter under this rate, but if so, the Customer Charge shall be multiplied by the number of dwelling units so served. A church and adjacent buildings owned and operated by the church may be served under this rate, but any such buildings separated by public ways must be billed separately.

Any residential customer whose average usage exceeds 2500 KWH/month for a 12 month period may elect delivery service under this rate effective with installation of appropriate metering.

The actual delivery of service and rendering of bills under this rate is contingent upon the installation of the necessary time-of-use metering equipment by the Company; subject to both the availability of such meters from the Company's supplier and the conversion or installation procedures established by the Company. Until service can be provided under this rate, the customer shall take delivery service under Rate R-1.

MONTHLY CHARGE

The Monthly Charge will be the sum of the applicable Customer, Additional Metering and kWh Charges.

MASSACHUSETTS ELECTRIC COMPANY

GENERAL SERVICE - SMALL COMMERCIAL AND INDUSTRIAL G-1
RETAIL DELIVERY SERVICE

AVAILABILITY

Electric delivery service under this rate is available for all purposes, subject to the provisions of this section. A new customer will begin service on this rate if the Company estimates that its average use will not exceed 10,000 kWh/month or 200 kW of demand. A Customer may be transferred from rate G-1 at its request or at the option of the Company if the customer's 12 month average monthly usage exceeds either 10,000 kWh/month or 200 kW of demand for 3 consecutive months.

A Municipality which owns and maintains streetlight fixtures served by underground conduit may take delivery service under the unmetered service provision of this rate if the Municipality signs an Underground Electric Service for Non-Conforming Streetlighting Contract with the Company for underground electric delivery service for streetlighting.

MONTHLY CHARGE

The Monthly Charge will be the sum of the applicable Customer or Location Service Charge, and the kWh Charges:

Rates for Retail Delivery Service

<u>Customer Charge</u> - applicable to metered service only.	\$8.32
<u>Location Service Charge</u> - for unmetered service as defined below.	\$6.48
<u>Distribution Charge per kWh*</u>	6.960¢

*includes Access Cost Adjustment Charge per kWh of 2.800¢

MASSACHUSETTS ELECTRIC COMPANY

GENERAL SERVICE - SMALL COMMERCIAL AND INDUSTRIAL G-1
RETAIL DELIVERY SERVICE

UNMETERED DELIVERY SERVICE

Unmetered delivery services are usually not permitted or desirable. However, the Company recognizes that there are certain instances where metering is not practical. Examples of such locations are telephone booths and fire box lights. The monthly bill generally will be computed by applying the rate schedule to a use determined by multiplying the total load in kilowatts by 730 hours. However, the energy use may be adjusted after tests of the unmetered equipment indicate lesser usage.

The kilowatthour use for underground electric service for streetlighting shall be determined according to the provisions of the Contract for the service.

When unmetered service is provided the Customer Charge will be waived and the Location Service Charge will be applied.

TRANSMISSION SERVICE COST ADJUSTMENT

Transmission service is available to all retail customers taking service under this rate. For those customers, the transmission charge under this rate shall be calculated in accordance with the Company's Transmission Service Cost Adjustment Provision.

ACCESS COST ADJUSTMENT

The Distribution Charge under this rate as set forth under "Monthly Charge" includes an Access Cost Adjustment Charge calculated in accordance with the Company's Access Cost Adjustment Provision.

MINIMUM CHARGE

The monthly minimum charge will be the applicable monthly Customer Charge or Location Service Charge.

However, if the KVA transformer capacity needed to serve a customer exceeds 25 KVA, the minimum charge will be increased by \$1.75 for each KVA in excess of 25 KVA.

TRANSMISSION SERVICE COST ADJUSTMENT

Transmission service is available to all retail customers taking service under this rate. For those customers, the transmission charge under this rate shall be calculated in accordance with the Company's Transmission Service Cost Adjustment Provision.

ACCESS COST ADJUSTMENT

The Distribution Charge under this rate as set forth under "Monthly Charge" includes an Access Cost Adjustment Charge calculated in accordance with the Company's Access Cost Adjustment Provision.

DEFINITION OF DEMAND

- a) The greatest fifteen minute peak occurring during all hours, Peak and Off-Peak, within such a month as measured in kilowatts,
- b) 90% of the greatest fifteen minute peak occurring during all hours, Peak and Off-Peak, of such month as measured in kilovolt-amperes,
- c) 5 kilowatts

HIGH-VOLTAGE METERING ADJUSTMENT

The Company reserves the right to determine the metering installation. Where delivery service is metered at the Company's supply line voltage, in no case less than 2400 volts, thereby saving the Company transformer losses, a discount of 1.0% will be allowed from the amount determined under the preceding provisions.

When the metering equipment is installed on the Customer's side of the transformers and the nameplate transformer rating is greater than 120 percent of the Customer's highest demand over the last twelve months, the Company may adjust the Kw, Kva, and Kwh meter registrations or adjust electronic meter program settings to compensate for unmetered transformer losses.

CREDIT FOR HIGH VOLTAGE DELIVERY

If the Customer accepts delivery at the Company's supply line voltage, not less than 2400 volts, and the Company is saved the cost of installing any transformer and associated equipment, a credit of 45 cents per kilowatt of billing demand for such month shall be allowed against the amount determined under the preceding provisions.

MASSACHUSETTS ELECTRIC COMPANY

SCHEDULED INTERRUPTIBLE SERVICE RATE I-1

AVAILABILITY

Service under this rate is available only for electric equipment under the control of the Company subject to the conditions specified herein. This rate is closed to new customers as of February 26, 1997. Customers who receive service on this rate immediately prior to February 26, 1997 may remain on this rate until December 31, 2000. At that time, the Customer must either elect Standard Offer Service on another rate offering from the Company or begin to purchase power from a nonregulated supplier.

Electric service for all other purposes at the customer location will be provided under the applicable rate in effect and available.

CONDITIONS

- 1.The Customer agrees to allow interruption of power on a regular basis to certain electrical loads as discussed further below.
- 2.Electricity delivered to the electric equipment which is under the control of the Company will be metered separately from any other electricity supplied to the customer. The Company will provide, install, own and maintain the metering equipment as well as the interrupting device.
- 3.The Customer agrees to provide separate circuits for the electric equipment subject to the control of the Company which are of ample capacity and a meter socket. This auxiliary meter socket shall be installed by the Customer. It shall be wired in accordance with Company specifications such that the connected load(s) are completely de-energized by the interrupting device during control periods.
- 4.All customer loads on the interruptible circuit must be wired directly to circuit breakers in a separate load center.
- 5.The Customer agrees to permit the Company to conduct such inspections on or within the Customer's premises as the Company deems necessary to provide verification of compliance with the provisions of this rate.
- 6.Service is available under this rate at either 240 volts or 208 volts, depending on the Company's distribution system at the customer's location.
- 7.The minimum acceptable total load of all Customer equipment connected to the interrupting device is 15 amperes. The maximum acceptable total load is limited to 140 amperes. However, any customer with a load that exceeds 140 amperes may avail themselves of this rate upon agreement by the Company and if the Customer agrees to pay for the appropriate metering and interruption equipment which will require company approval.

MASSACHUSETTS ELECTRIC COMPANY
SCHEDULED INTERRUPTIBLE SERVICE RATE I-1

8. The hours of interruption will vary by season. The period of interruption will not extend for more than 13 hours in a given day but those 13 hours of interruption do not necessarily have to be continuous.

9. This rate is not available for resale.

MONTHLY CHARGE

The Monthly Charge will be the sum of the Customer and Energy Charges:

Rates for Retail Delivery Service

<u>Customer Charge for Delivery:</u>	\$5.13 per Month
--------------------------------------	------------------

<u>Distribution Charge per kWh</u>	1.389¢
------------------------------------	--------

TRANSMISSION SERVICE COST ADJUSTMENT

Transmission service is available to all retail customers taking service under this rate. For these customers, the transmission charge under this rate shall be calculated in accordance with the Company's Transmission Service Cost Adjustment Provision.

ACCESS COST ADJUSTMENT

The Distribution Charge under this rate as set forth under "Monthly Charge" includes an Access Cost Adjustment Charge calculated in accordance with the Company's Access Cost Adjustment Provision.

STANDARD OFFER COST ADJUSTMENT

All Customers served on this rate must take Standard Offer Service and pay the Standard Offer Service Charge up to the retail access date as defined in the Restructuring Settlement Agreement in Docket D.P.U. No. 96-25. Starting on the retail access date, Standard Offer Service is optional. It will be available for existing or new Customers who have not yet chosen a supplier other than the Company on or after the retail access date.

MASSACHUSETTS ELECTRIC COMPANY

SCHEDULED INTERRUPTIBLE SERVICE RATE I-1

The Standard Offer Charge under this rate shall be calculated in accordance with the Company's Standard Offer Cost Adjustment Provision.

Standard Offer Service may be terminated by a Customer upon the next scheduled meter read provided that notice of the change of supplier was received by the Company five (5) or more business days before the next scheduled meter read date.

MINIMUM CHARGE

The Monthly Minimum Charge shall be the Monthly Customer Charge.

BIMONTHLY BILLING

The Company reserves the right to read meters and render bills on a bimonthly basis. When bills are rendered bimonthly, the Customer Charge and the Minimum Charge shall be multiplied by two.

TERMS AND CONDITIONS

The Company's Terms and Conditions, in effect from time to time where not inconsistent with any specific provisions hereof, are a part of this rate.

Effective The Contract Termination Date as defined in the Restructuring Settlement
Agreement in Docket D.P.U. No. 96-25

MASSACHUSETTS ELECTRIC COMPANY

STREET AND SECURITY LIGHTING - COMPANY OWNED EQUIPMENT S-1
RETAIL DELIVERY SERVICE

AVAILABILITY

Street Lighting Service is available under this rate to any Customer in accordance with the qualifications and the specifications hereinafter set forth:

1. For municipally-owned or accepted roadways, which includes those classified as "private ways", for which a municipality has agreed to supply street lighting service.
2. For municipally-owned or accepted parking lots, driveways, and park walkways, if served through overhead conductors. Underground delivery service to these areas is available where underground secondary conductors exist or can be installed as a part of, and in conjunction with, an underground distribution system. Such equipment must be accessible to Company motorized equipment. However, if the foregoing conditions for underground connected lighting do not, or will not exist, then such lighting may be installed by the Company under the condition that the Customer provide the trenching and backfilling necessary for the installation of conduit and/or conductors and pole foundations if required.
3. Security lighting service is available under this rate to any Customer where the necessary fixtures can be supported on the Company's existing poles and where such service can be supplied directly from existing secondary voltage circuits. Where the necessary fixtures cannot be supported on existing poles, wood poles may be furnished in place in accordance with the schedule of Pole Charges listed below under Section B, provided no such pole is more than one span from an existing overhead secondary facility.
4. Service under this rate is contingent upon Company ownership and maintenance of street lighting equipment.
5. Service under this rate is not available for limited access highways and the access and egress ramps thereto.
6. Charges for the operation of street lighting equipment will be given special consideration when such equipment is installed in locations or under conditions such that the estimated income will be insufficient to justify the estimated cost of construction.

TRANSMISSION SERVICE COST ADJUSTMENT

Transmission service is available to all retail customers taking service under this rate. For those customers, the transmission charge determined under this rate shall be calculated in accordance with the Company's Transmission Service Cost Adjustment Provision.

MASSACHUSETTS ELECTRIC COMPANY

STREET AND SECURITY LIGHTING - COMPANY OWNED EQUIPMENT S-1
RETAIL DELIVERY SERVICE

ACCESS COST ADJUSTMENT

The Distribution Charge under this rate includes an Access Cost Adjustment Charge calculated in accordance with the Company's Access Cost Adjustment Provision.

STANDARD OFFER COST ADJUSTMENT

All Customers served on this rate must take Standard Offer Service and pay the Standard Offer Service Charge up to the retail access date as defined in the Restructuring Settlement Agreement in Docket D.P.U. No. 96-25. Starting on the retail access date, Standard Offer Service is optional. It will be available for existing or new Customers who have not yet chosen a supplier other than the Company on or after the retail access date.

The Standard Offer Charge under this rate shall be calculated in accordance with the Company's Standard Offer Cost Adjustment Provision.

Standard Offer Service may be terminated by a Customer upon the next scheduled meter read provided that notice of the change of supplier was received by the Company five (5) or more business days before the next scheduled meter read date.

BASIC SERVICE

Any Customer who is ineligible for Standard Offer Service and does not have a current supplier receive and pay the Company for Basic Service in accordance with the terms and price for Basic Service established by the Department of Public Utilities.

HOURS OF OPERATION

All street lights will be operated every night from approximately one-half hour after sunset until approximately one-half hour before sunrise, a total of approximately 4,175 hours each year.

PAYMENTS

One-twelfth of the annual price including such adjustments herein specified will be billed each and every month beginning with the month next following the month in which service is rendered.

MASSACHUSETTS ELECTRIC COMPANY

STREET AND SECURITY LIGHTING - COMPANY OWNED EQUIPMENT S-1
RETAIL DELIVERY SERVICE

RELAMPING

All lamps will be spot replaced on burnout. The Customer is responsible for notifying the Company of lamp outages.

FAILURE OF LIGHTS TO BURN

Should any light or lights fail to burn the full period provided therefore, except as hereinafter specified, a deduction will be made from the luminaire price of such light or lights, upon presentation of a claim therefor from the Customer, equivalent to such part of the annual price thereof as is equal to the ratio that the time of any outage bears to the annual burning time of such light or lights. The provisions of this paragraph will apply only if such failure is due to some cause or condition which might reasonably have been prevented by the Company and without limiting the generality of the foregoing will not apply in case such failure is due to an act of God or an act or order of any public authority or accidental or malicious breakage; provided, however, that in the latter case the necessary repairs are made with reasonable dispatch upon notification by the Customer.

EXCESSIVE DAMAGE

Excessive damage due to wanton or malicious acts will be charged to the Customer at the actual cost of labor and material required to repair or replace the unit. Excessive damage is defined as a pole, lamp, fixture or conductors being broken or damaged more than once a year. Notification of excessive damage will be made to the Customer by the Company prior to billing for repairs.

TERM OF AGREEMENT

Two years. Upon expiration of the initial or any subsequent period of any agreement, it will continue for additional periods of one year unless, at least six months prior to such expiration, either party has given to the other written notice that it desires to have the agreement terminate at such expiration date.

DISCONTINUANCE OF LIGHTS

A Customer may not discontinue, during any calendar year, lights in excess of one percent of the maximum number of each type and size of lights in service at any time during such calendar year, unless the discontinued lights in excess of one percent are replaced by such number of other types of lights wherein the Company owns and maintains such lights as may be mutually agreed upon, or the Customer agrees to pay the Company an amount equal to the unamortized balance of the original installation cost of each light in excess of one percent.

MASSACHUSETTS ELECTRIC COMPANY

STREET AND SECURITY LIGHTING - COMPANY OWNED EQUIPMENT S-1
RETAIL DELIVERY SERVICE

CONTINUANCE OF SERVICE AT REQUEST OF PRIVATE PARTY

A street light which a city or town or developer has requested the Company to discontinue, may be retained in or restored to service at the request of an individual customer of the Company who owns or occupies adjacent premises, provided that (1) the street light fixture is still in place, (2) the customer agrees in writing to pay for the service on a monthly basis at one-twelfth of the applicable annual price, and (3) the Company receives payment of the \$25.00 reactivation charge, if the light has been disconnected. The customer may terminate the agreement at any time, after 30 days' notice in writing to the Company. Upon such notice, if the city or town does not accept responsibility for payment, the Company will disconnect the light.

TERMS AND CONDITIONS

The Company's Terms and Conditions in effect from time to time, where applicable hereto and not inconsistent with any specific provisions hereof, are a part of this rate.

MASSACHUSETTS ELECTRIC COMPANY

STREET LIGHTING - OVERHEAD - CUSTOMER-OWNED EQUIPMENT S-2
RETAIL DELIVERY SERVICE

AVAILABILITY

Street Lighting Service is available under this rate for street lighting installations owned by any city or town or other public authority, hereinafter referred to as the Customer, pursuant to an agreement to be entered into by the Customer and the Company and in accordance with the qualifications and the specifications hereinafter set forth:

1. For municipally-owned or accepted roadways, including those classified as "private ways" for which a municipality has agreed to supply street lighting service.
2. For municipally-owned or accepted parking lots, driveways, and park walkways, if served through overhead conductors where such equipment is accessible to company motorized equipment.
3. For the installation of Customer owned lighting equipment on existing Company overhead distribution systems. All installations will be made by the Company or its agent.
4. To private contractors for street lighting installations for streets which have not yet been accepted by the municipality, where the contractor has furnished written proof of the approval of such street lighting plan by the municipality.
5. Not for limited access highways and the access and egress ramps thereto.

This rate is available for overhead service only, and only for street lighting equipment within a geographic area, the minimum area being an entire street.

TRANSMISSION SERVICE COST ADJUSTMENT

Transmission service is available to all retail customers taking service under this rate. For those customers, the transmission charge under this rate shall be calculated in accordance with the Company's Transmission Service Cost Adjustment Provision.

ACCESS COST ADJUSTMENT

The Distribution Charge under this rate includes an Access Cost Adjustment Charge calculated in accordance with the Company's Access Cost Adjustment Provision.

MASSACHUSETTS ELECTRIC COMPANY

STREET LIGHTING - OVERHEAD - CUSTOMER-OWNED EQUIPMENT S-2
RETAIL DELIVERY SERVICE

STANDARD OFFER COST ADJUSTMENT

All Customers served on this rate must take Standard Offer Service and pay the Standard Offer Service Charge up to the retail access date as defined in the Restructuring Settlement Agreement in Docket D.P.U. No. 96-25. Starting on the retail access date, Standard Offer Service is optional. It will be available for existing or new Customers who have not yet chosen a supplier other than the Company on or after the retail access date.

The Standard Offer Charge under this rate shall be calculated in accordance with the Company's Standard Offer Cost Adjustment Provision.

Standard Offer Service may be terminated by a Customer upon the next scheduled meter read provided that notice of the change of supplier was received by the Company five (5) or more business days before the next scheduled meter read date.

BASIC SERVICE

Any Customer who is ineligible for Standard Offer Service and does not have a current supplier will receive and pay the Company for Basic Service in accordance with the terms and price for Basic Service established by the Department of Public Utilities.

INSTALLATION, REMOVAL OR REPLACEMENT CHARGE

The Company will charge \$80 per fixture (bracket, luminaire, conductors, ancillary equipment) each time a fixture or its separate components are installed, removed or replaced unless the installation, removal or replacement is at the convenience of the Company. If the installation, removal and replacement of a luminaire is done at the same time, resulting in one site visit, the Customer will be charged \$80. If the removal, replacement and installation are done at two different times resulting in two site visits, the Customer will be charged \$80 for the removal and \$80 for the replacement/installation.

RELOCATION CHARGE

\$100 per luminaire will be charged if the Customer desires to relocate the luminaire onto another pole.

MASSACHUSETTS ELECTRIC COMPANY

<u>Mounting Height</u>	<u>Code</u>	<u>Annual \$/Unit</u>
<u>Wood Poles</u>		
25' - 30'	(P)	\$46.56

FAILURE OF LIGHTS TO BURN

Should any light or lights fail to burn the full period provided therefore, except as hereinafter specified, a deduction will be made from the energy price of such light or lights, upon presentation of a claim therefore from the Customer, equivalent to such part of the annual price thereof as is equal to the ratio that the time of any outage bears to the annual burning time of such light or lights. The provisions of this paragraph will apply only if such failure is due to some cause or condition which might reasonably have been prevented by the Company and, without limiting the generality of the foregoing, will not apply in cases when such failure is due to an act of God, an act or order of any public authority, or accidental or malicious breakage; provided, however, that in the latter case the necessary repairs are made with reasonable dispatch upon notification by the Customer.

EQUIPMENT

The customer shall be responsible for specifying a particular type and size (Lumen rating) of light from the list contained in Section E of this tariff. All equipment shall be of utility grade and shall conform to the standards set forth by the Company. The Company reserves the right to refuse to install any equipment which, in its opinion, does not conform to its standards.

DEFECTIVE AND/OR DAMAGED EQUIPMENT

The Company shall maintain, repair and replace the photocells and lamps at no cost to the Customer. At the Customer's request, the Company will install, replace or remove the bracket, conductors, luminaires and

MASSACHUSETTS ELECTRIC COMPANY

STREET LIGHTING - OVERHEAD - CUSTOMER-OWNED EQUIPMENT S-2
RETAIL DELIVERY SERVICE

ancillary equipment. The Customer is responsible for providing the Company with the necessary equipment other than the lamps and photocells for installation, replacement or removal. The Customer is also responsible for the \$80 labor charges for the installation, replacement or removal of the equipment. Excessive damage due to wanton or malicious acts will be charged to the Customer at a cost of \$80 per light. The Customer is responsible for providing the material required to repair or replace the unit in those instances of excessive damage. Excessive damage is defined as a pole, lamp, or photo cell which has been broken or damaged more than once a year. Notification of excessive damage will be made to the Customer by the Company prior to billing for repairs.

RE-LAMPING

All lamps will be spot replaced on burnout. The customer is responsible for notifying the Company of lamp outages.

CREW PROTECTION

The Customer is responsible for the cost of providing the Crew Protection as and when needed, at the time when installation, replacement or relocation of a lamp or pole is done.

PHOTO CELLS

Defective photo cells will be replaced at no extra charge.

NOTIFICATION

The Customer will give six months written advance notification of requests for installation, relocation, or removal of lights.

TERM OF AGREEMENT

Five years. After five years have passed the agreement will be automatically renewed until such time as one party notifies the other party, in writing, that it intends to terminate the agreement. Notice must be given six months prior to the date on which the agreement would otherwise be automatically extended.

TERMS AND CONDITIONS

The Company's Terms and Conditions in effect from time to time, where applicable hereto and not inconsistent with any specific provisions hereof, are a part of this rate.

RETAIL DELIVERY SERVICE

AVAILABILITY

Service is available under this rate to any city, town or other public authority, hereinafter referred to as the Customer, only for street lighting installations served by underground conductors and involving a division of ownership and service as set forth under Option A, or Customer ownership and Company service as set forth under Option B, and in accordance with the following qualifications:

Qualifications

1. For municipally-owned or accepted roadways, which includes those classified as "private ways" for which a municipality has agreed to supply street light service.
2. For municipally-owned or accepted parking lots, driveways, and park walkways.
3. Customer-owned installations must be compatible with adjacent company-owned equipment and be in accordance with Company specifications.
4. This rate is not available for limited access highways and the access and egress ramps thereto.
5. Option B is available to a contractor, developer or association of customers, wherein the municipality has not agreed to accept responsibility for future payment of such lights.

Options

- A. Under this option the Customer agrees to install, own, and maintain all foundations on which the Company will set its poles and luminaires, and all conduit in which the Company will run its wiring.
- B. Under this option the Customer agrees to install and own all equipment necessary for an underground served street lighting installation, and requests the Company to provide electricity for light operation and service for certain portions of the equipment.

MASSACHUSETTS ELECTRIC COMPANY

STREET LIGHTING - UNDERGROUND - DIVISION OF OWNERSHIP S-3
RETAIL DELIVERY SERVICE

TRANSMISSION SERVICE COST ADJUSTMENT

Transmission service is available to all retail customers taking service under this rate. For those customers, the transmission charge determined under this rate shall be calculated in accordance with the Company's Transmission Service Cost Adjustment Provision.

ACCESS COST ADJUSTMENT

The Distribution Charge under this rate includes an Access Cost Adjustment Charge calculated in accordance with the Company's Access Cost Adjustment Provision.

II. Service Provisions

The Company will undertake such service and maintenance of Company-approved Customer-owned street light equipment according to the following schedule:

1. Re-Lamping

All lamps will be spot replaced on burnout. The customer is responsible for notifying the Company of lamp outages.

2. Cleaning

All fixtures will be cleaned at intervals concurrent with re-lamping.

3. Photo Cells

Defective photo cells will be replaced as part of the service program at no extra charge.

4. Defective and/or Damaged Equipment

Equipment eligible for replacement by the Company will be photo cells and lamps.

MASSACHUSETTS ELECTRIC COMPANY

STREET LIGHTING - UNDERGROUND - DIVISION OF OWNERSHIP S-3
RETAIL DELIVERY SERVICE

Luminaires, poles and brackets damaged by accident or vandalism will be replaced by the Customer and re-installed by the Company but only where such equipment is compatible and/or interchangeable with Company-owned equipment.

Foundations, ducts, and wiring within underground ducts, and such other equipment as is not compatible or inter-changeable with Company-owned equipment, must be repaired or replaced by the Customer.

5. Crew Protection

The Customer will provide its own crew protection against traffic conditions.

Conditions

The following conditions apply to each option as noted.

Special Equipment - (Option B)

Types of luminaires or poles desired by a customer which are not included in the Company's Standards will be considered as special. Before such equipment will be considered for use, it must meet all Company's Standards' requirements. If such equipment is then approved, the annual rate will be determined according to filed rates if possible, or if cost factors do not approximate filed rates, according to cost conditions existing at the time of installation.

The Company reserves the right of final decision on the use of special equipment.

STANDARD OFFER COST ADJUSTMENT

All Customers served on this rate must take Standard Offer Service and pay the Standard Offer Service Charge up to the retail access date as defined in the Restructuring Settlement Agreement in Docket D.P.U. No. 96-25. Starting on the retail access date, Standard Offer Service is optional. It will be available for existing or new Customers who have not yet chosen a supplier other than the Company on or after the retail access date.

The Standard Offer Charge under this rate shall be calculated in accordance with the Company's Standard Offer Cost Adjustment Provision.

Standard Offer Service may be terminated by a Customer upon the next scheduled meter read provided that notice of the change of supplier was received by the Company five (5) or more business days before the next scheduled meter read date.

MASSACHUSETTS ELECTRIC COMPANY

STREET LIGHTING - UNDERGROUND - DIVISION OF OWNERSHIP S-3
RETAIL DELIVERY SERVICE

INSTALLATION, REMOVAL OR REPLACEMENT CHARGE

The Company will charge \$80 per fixture (bracket, luminaire, conductors, ancillary equipment) each time a fixture or its separate components are installed, removed or replaced unless the installation, removal, or replacement is at the convenience of the Company. If the installation, removal and replacement of a luminaire is done at the same time, resulting in one site visit, the Customer will be charged \$80. If the installation, replacement/installation are done at two different times resulting in two site visits, the Customer will be charged \$80 for the removal and \$80 for the replacement/installation.

RELOCATION CHARGE

\$100 per luminaire will be charged if the Customer desires to relocate the luminaire onto another pole.

BASIC SERVICE

Any Customer who is ineligible for Standard Offer Service and does not have a current supplier will receive and pay the Company for Basic Service in accordance with the terms and price for Basic Service established by the Department of Public Utilities.

Terms of Agreement - (Options A & B)

Five years unless otherwise specified. Upon expiration of the initial or any subsequent period of any agreement, unless otherwise specified, it will continue for additional periods of one year unless, at least six months prior to such expiration, either party has given to the other written notice that it desires to have the agreement terminate at such expiration date.

Discontinuance of Lights - (Option A)

The Customer may not discontinue, during any calendar year, lights in excess of one percent of the maximum number of each type of lights in service at any time during such year, unless such discontinued lights are replaced by such number of other types of lights as may be mutually agreed upon, or the Customer agrees to pay the Company an amount equal to the unamortized balance of the original installation cost.

Hours of Operation - (Options A & B)

All street lights will be operated every night from approximately one-half hour after sunset until approximately one-half hour before sunrise, a total of approximately 4175 hours each year.

MASSACHUSETTS ELECTRIC COMPANY

STREET LIGHTING - UNDERGROUND - DIVISION OF OWNERSHIP S-3
RETAIL DELIVERY SERVICEFailure of Lights to Burn - (Options A & B)

Should any light or lights fail to burn the full period provided therefor, except as hereinafter specified, a deduction will be made from the luminaire price of such light or lights, upon presentation of a claim therefor from the Customer, equivalent to such part of the annual price thereof as is equal to the ratio that the time of any outage bears to the annual burning time of such light or lights. The provisions of this paragraph will apply only if such failure is due to some cause or condition which might reasonably have been prevented by the Company and without limiting the generality of the foregoing will not apply in case such failure is due to an act of God or an act or order of any public authority or accidental or malicious breakage; provided, however, that in the latter case the necessary repairs are made with reasonable dispatch upon notification by the Customer.

Excessive Damage - (Options A&B)

The Company shall maintain, repair and replace the photocells and lamps at no cost to the Customer. At the Customer's request, the Company will install, replace or remove the bracket, conductors, luminaires and ancillary equipment. The Customer is responsible for providing the Company with the necessary equipment other than the lamps and photocells for installation or replacement or removal. The Customer is also responsible for the \$80 labor charges for the installation, replacement or removal of the equipment. Excessive damage due to wanton or malicious acts will be charged to the Customer at a cost of \$80 per light. The Customer is responsible for providing the material required to repair or replace the unit in these instances of excessive damage. Excessive damage is defined as a pole, lamp, photo cell which has been broken or damaged more than once a year. Notification of excessive damage will be made to the Customer by the Company prior to billing for repairs.

Payments - (Options A & B)

One-twelfth of the annual price including such adjustments herein specified will be billed each and every month beginning with the month next following the month in which service is first rendered.

Terms and Conditions - (Options A & B)

The Company's Terms and Conditions in effect from time to time, where applicable hereto and not inconsistent with any specific provisions hereof, are a part of this rate.

STANDARD OFFER COST ADJUSTMENT

All Customers served on this rate must take Standard Offer Service and pay the Standard Offer Service Charge up to the retail access date as defined in the Restructuring Settlement Agreement in Docket D.P.U. No. 96-25. Starting on the retail access date, Standard Offer Service is optional. It will be available for existing or new Customers who have not yet chosen a supplier other than the Company on or after the retail access date.

The Standard Offer Charge under this rate shall be calculated in accordance with the Company's Standard Offer Cost Adjustment Provision.

Standard Offer Service may be terminated by a Customer upon the next scheduled meter read provided that notice of the change of supplier was received by the Company five (5) or more business days before the next scheduled meter read date.

BASIC SERVICE

Any Customer who is ineligible for Standard Offer Service and does not have a current supplier will receive and pay the Company for Basic Service in accordance with the terms and price for Basic Service established by the Department of Public Utilities.

TERM OF AGREEMENT

Five years. Upon expiration of the initial or any subsequent period of any agreement, it will continue for additional periods of one year unless, at least six months prior to such expiration, either party has given to the other written notice that it desires to have the agreement terminate at such expiration date.

DISCONTINUANCE OF LIGHTS

A Customer may not discontinue, during any calendar year, lights in excess of one percent of the maximum number of each type and size of lights in service at any time during such calendar year, unless the discontinued lights in excess of one percent are replaced by such number of other types of lights wherein the Company owns and maintains such lights as may be mutually agreed upon, or the Customer agrees to pay the Company an amount equal to the unamortized balance of the original installation cost of each light in excess of one percent.
